Harris Companies Ranks 8th on ENR's List of Top 50 Mechanical Firms for 2016

Minnesota-based mechanical contractor moves up in the prestigious ranking published yearly by the Engineering News Record

ST. PAUL, Minn. (November 3, 2016) – Harris Companies, a leading national mechanical contractor, was ranked 8th on the Engineering News Record (ENR's) list of top mechanical contractors for 2016. The list is published annually as part of ENR's Top 600 Specialty Contractors. Additionally, Superior Air Handling, a division of Harris Companies based in Utah, was ranked 2nd among Top Sheet Metal Contractors.

ENR is a weekly magazine which provides news, analysis and opinions on the state of the construction industry nationally and worldwide. The 2016 rankings are compiled using company data collected in 2015.

Harris Companies has several major projects underway including the Minnesota State Capitol Restoration Project in St. Paul, VC Summer Nuclear Plant in Jenkinsville, SC, The Lucile Packard Children's Hospital in Palo Alto, CA and the National Air & Space Museum Steven F. Udvar Hazy Center, Chantilly, VA.

Harris Companies designs, builds, controls, and maintains plumbing, piping, process and HVAC systems for commercial, institutional and industrial customers offering complete design-build and design-assist services for projects that vary in size, scope, and complexity. From stadiums and concert halls, to historic landmark buildings, to hospitals and industrial facilities, Harris Companies works closely with entire construction project teams and draws on the expertise of a skilled, diverse and dedicated workforce. Founded in St. Paul, Minn. in 1948, Harris has grown from its modest beginnings into one of the largest mechanical contractors in the United States.
